Frequently Asked Questions

Why Home for Dinner?

Ronald McDonald House Charities® Atlantic helps families with sick children stay together and near the medical care they need through two core programs: Ronald McDonald House® and Ronald McDonald Family Rooms®. Home for Dinner provides families with a delicious home cooked meal after a long day at the hospital.

What time should we arrive and what time should the meal be ready for?

We ask that you arrive by 3:00pm at the Family Room. This allows you two hours of cooking time, finishing at 5:00pm. You are able to arrive a bit earlier to accommodate longer meal prep times.

Are we required to stay and serve the meal?

No, our Home for Dinner meals must be individually packaged and our team will distribute these from our Family Room. Leftover meals are kept at the Family Room for families to reheat.

What type of meals would you suggest?

We are open to a variety of meals. All cuisines are welcome so please feel encouraged to prepare a recipe you would cook in your own home. We recommend comfort food that is family friendly, as well as a meal that is easy to freeze and serve as leftovers. We also encourage groups to have a vegan or vegetarian option to meet varying diet needs.

How far in advance do we need to notify you of the chosen meal and ingredients?

Please have your menu planned two weeks in advance of your Home for Dinner date so that you can share it with us promptly when we reach out.

Can we cook the meal at home and drop it off?

No. Food and safety guidelines adopted by Ronald McDonald House, require all food to be prepared in our kitchen or a certified kitchen (i.e. restaurant kitchen)

What else can we bring?

Please visit our website www.rmhcatlantic.ca to view our Wish List for items you can bring to help stock our pantry.

Photo consent?

Some families staying at RMHC Atlantic do not want pictures taken. Our team monitors a family's consent for photo taking and therefore we ask that visitors do not take any pictures of families/children while in the Family Room. You are welcome to take pictures of the facility and your group while cooking. Our team will also capture photos if everyone provides consent.

Food Safety Guidelines

Before you begin your meal, please take a few moments to prepare not only yourself, but also your surroundings by:

- Ensuring you have no cold or flu symptoms
- Tying back long hair
- Cleaning the area in which you will be cooking
- Washing your hands for at least 30 seconds under hot running water
- Gloves are provided and are mandatory while handling prepared food
- Masks are provided but optional

As you prepare your meal, keep in mind basic food preparation ideals:

- Keep raw meats away from uncooked food. If raw meat spillage occurs on your cooking space disinfect immediately.
- Use assigned cutting boards: labeled cutting boards are for uncooked meats and unlabeled cutting boards are for any other cooking needs.
- No taste testing with your fingers; when you use a spoon, only use it once.
- Remember the "Food Safety Zone": keep all cold foods below 40°F and hot foods above 140°F.
- Ensure fruits and vegetables are washed thoroughly.
- No deep frying is permitted.
- Proper cooking kills almost all dangerous microorganisms. Cook food thoroughly, and test your food before serving to make sure following temperatures are reached: Steaks, Roasts, Chops, and Seafood-145°F, Ground Beef and Pork-155°F, Poultry- 165°F, and Eggs-until yolk and white are firm-155°F/

Some other tips:

- Dishware, silverware, utensils, and pots and pans can all be located in this kitchen. Ask one of our team if you need help locating something.
- Please use open bottles of condiments, dressings, and cheeses before opening new ones.

Please help us keep our kitchen beautiful by leaving the kitchen as you found it:

- Dishes can be placed in the dishwasher located in the kitchen.
- Garbage, recycling, and compost can be placed in the labelled bins and containers.

Nutrition Guidelines

We provide a "home-away-from-home" for the families who stay at our House and visit our Family Rooms. Food is an important part of making our families comfortable; it is our goal that families not only find comfort in the food we provide, but also have access to nutritious food choices during their stay. To promote access to healthy food, please consider the following recommendations when purchasing foods.

Vegetables and Fruit

- Choose fresh or frozen vegetables as often as possible
- When purchasing canned vegetables, look for vegetables that are "reduced in sodium", "low in salt" or have "no added salt". Rinse well before using
- Choose canned fruit without added sugar, packed in water or natural fruit juice

Grains

When purchasing pasta, rice, bread, cereal, granola bars, tortillas, pitas, etc.:

- Look for the words "whole grain" or "whole wheat" in the ingredient list
- Choose cereal that has 4g of fiber or more

Dairy & Alternatives

When purchasing milk, yogurt, and alternatives:

- Choose skim, 1% or 2% milk products
- Choose milk alternatives that are fortified with calcium and vitamin D
- Choose yogurt and cheese that have reduced milk fat content

Meat & Alternatives

- Choose "lean" and "extra lean" cuts of meat
- When purchasing canned beans and lentils, choose products that are "reduced in sodium", "low in salt" or have "no added salt"
- Choose unprocessed meats as often as possible

Pre-packaged Foods

Purchasing pre-packaged foods such as sauces, soups, vegetables and prepared entrees can be part of a well-balanced meal. Reading the nutrition facts label can help guide the decision making process. Here are some helpful tips for reading food labels:
